PROFESSIONAL SUMMARY

Aspiring data analyst with strong skills in Python, SQL, and ETL processes to transform data into actionable insights.
Experienced in leveraging Power BI and DAX for dynamic reporting and data visualization, enhancing decision-making capabilities.
Focused on applying analytical thinking and adaptability to contribute to evolving business intelligence strategies.
Outside of work, I enjoy long-distance running, reading books when I have time and I donate blood regularly.
I believe that personal discipline and community contribution, reflect in how I approach challenges in my professional life too.
